WHY DO WE GIVE?

The theory of giving is a vague concept of transferring one object or idea from one being to another. But what's the purpose?

Perhaps the only reason we give is to receive something in return. The way universe works is like karma, what goes around comes around.

My wish for this book is to show you that act of giving to those you hate can help you to seek vengeance in a subtle way, so here are some gift ideas for you to try out.

HALF AN EARPHONE WITH ONE

FOR THE ONES WHO USES EARPHONES IN THE MIDST OF A CONVERSATION

Don't you just get annoyed when in the middle of a conversation your peer started to put on their earphones? Everytime we speak, we either have to **speak louder** or repeat when they put off one side of the earphone.

What do they deserve in return? An earphone of course! But wait, there's a **TWIST!** One of the earpiece is missing! Why, though? So when we talk, they could listen to us while listening to music.

What you'll need:

- The will to spend some money
- An earphone/ headphone of any kind (using that money)
- Pair of Scissors

HEHE! Can't catch me!

SHUT UP!

What you'll need:

- The courage to give such thing
- Anti Barking Dog Muzzle

PER!!

FORTHOSE WHO JUST CAN'T STOP TALKING

Can't people just SHUT UP once in a while?
I think you and I both can't stand the ones
who just won't stop talking, whether it's being
overly offended or just pure non-sense. WHY
CAN'T THEY JUST KEEP THEIR MOUTH SHUT?!!

In a world where silence is respected, people should conserve the idealism
of not making noise when unnecessary. Being rude is not something one
considers when bringing silence to the universe...

but putting an anti-barking mask
on someone's face does put a
smile on a lot of people's face.

SHEEP OF THE DEVIL

FOR FAKE PEOPLE WITH
FAKE PERSONALITIES

What you'll need:

- Sheep mask
- Newspaper
- Glue gun
- Water
- Paint (red)
- Price tag

None shall pass!

If There's Anything Worse than Staying, it's Showing Fake Emotion in order to Get what you want. We all know that dirty person who acts as if they care about us, but they just want to appear like an **angel** in front of others to get attention.

Perhaps to show the WOLF INSIDE is to show the mask OUTSIDE. A sheep mask with red (paper mache) horns with the \$0.99 price tag will show evil within them and that they want such **cheap attention**.

Good or Bad secret, we hate it, if it goes around without our approval, especially when it becomes deceiving rumors.

Conceivably, the best thing to give to those people is a bottle of oil that was poked with pins so when they open, it leaks out. Perhaps this is the best way to show them how they shouldn't mess with people by leaking someone else's information.

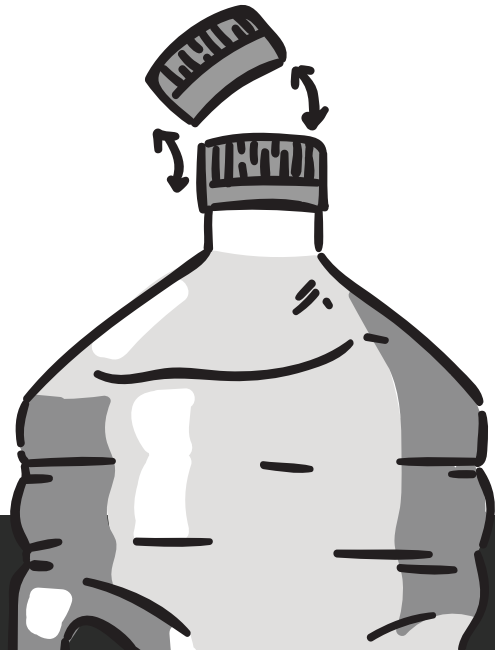

INFOILMATION LEAKAGE

FOR THE ONES WHO
STARTS RUMOURS

What you'll need:

- New Bottle of vegetable oil
- Pins
- Tissues (Just in case it leaks before it is opened)

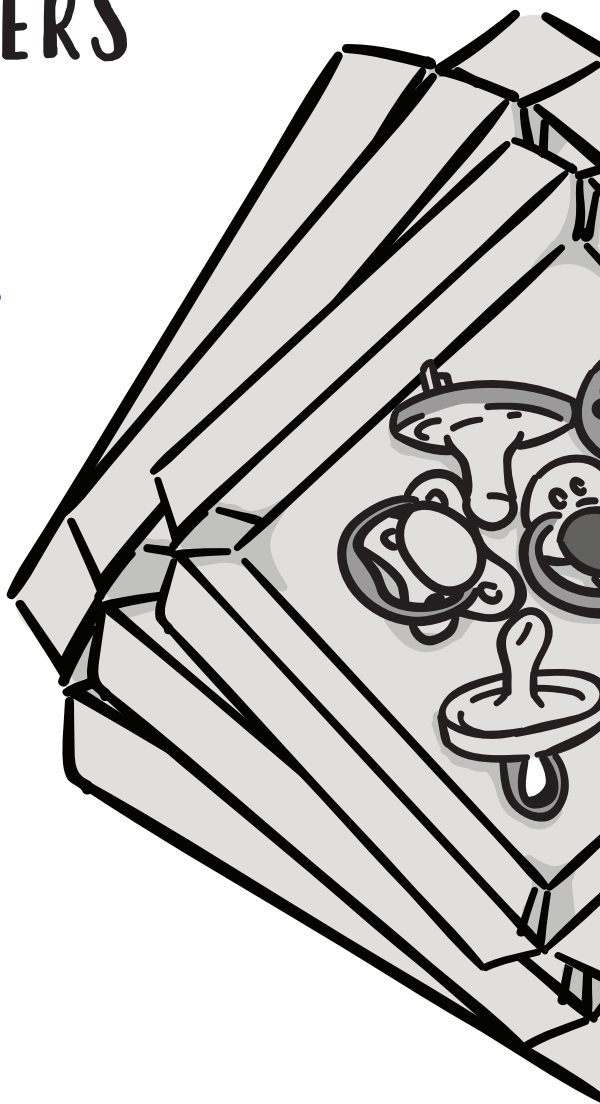

BOX OF PACIFIERS

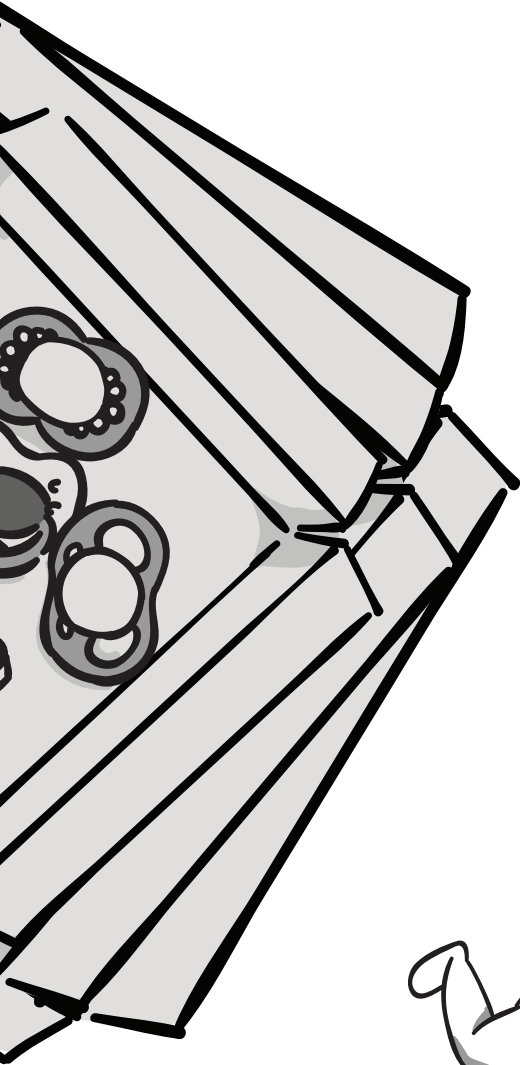

FOR THOSE WHO
NEVER
TELLS THE TRUTH

What you'll need:

- A box (any size your prefer)
- Pacifiers (lots of them)
- Tape

Falsely accusing innocent ones for the benefit of oneself is the most **selfish** thing imaginable! The worse part is if the lie keeps going on and on and they never face the consequences just like babies or toddlers. We all know this kind of person (usually younger siblings), for better or for worse, they disturb our conscience and reputation. That is why I believe giving this box of pacifiers really suits them best. This is one of the ways to keep a baby quiet, and if they're done with one lie, there's another pacifier to shut them up.

BROKEN REFLECT, TONNOI

FOR THOSE WHO ONLY TALK ABOUT THEMSELVES

Yet again we're at another type of person who cares about themselves. Have you ever been in a "conversation" where it was supposed to be a conversation but it became an autobiography because they only talk about themselves and we have to listen to them, but when we want to say something, they always either connect back to their life story, or cut us off and continue their story... and we're just there, listening, like we care.

What you'll need:

- Handheld mirror
- Cloth (big enough to cover the mirror)

This broken handheld mirror will show them their reflection to show the only thing they care is themselves and the broken mirror is ugly part of them. But before that, wrap or cover it with cloth so it won't hurt them and it will be a surprise they will have to uncover.

SATIRICAL POSTER

FOR THE ONES ASKING OBVIOUS QUESTIONS

Have you ever had someone who keeps bugging you with questions that are obvious or just really stupid, just for the sake of their convenience even though they know that search engines such as google exist? Truly this is something not only I find very irritating.

So what do they deserve? A message. An obvious one. I believe this poster is a great way to show that message, especially because they might find it sarcastic. Plus, frame it so they have a reason not to throw it away - because it is well made.

Thanks,
Captain
obvious!

What you'll need:

- Computer
- Design Software
- Paper (any size you wish)
- Printer (According to your paper size)

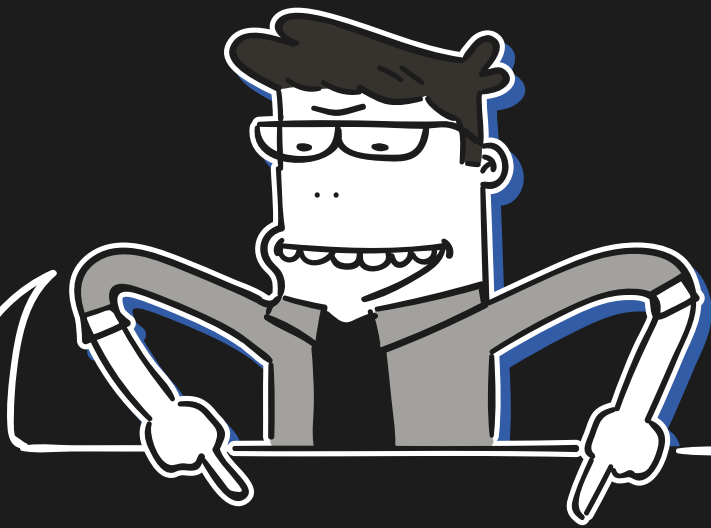

WHY?

Why did I create this?
What's my motive?

Inspired by the people I am surrounded by that I find very annoying, I was determined to create this as a way to express my exasperation that I find hard to endure.

This book also aims to give you readers gift ideas to give to those you find annoying, because I believe there's a number of you out there that have the same situation as me: wanting to fight back but also hates hurting people in anyway.

I also want to share how we can also find joy in giving to those we can't stand or hate.

Do you have that one person who you just can't stand? Have you ever thought about taking revenge but don't have the guts to? Are you a little brat who has a strong desire to prank people without them getting hurt but don't know how to?

Well you're in luck because this zine gives you the best innocent yet evil gift ideas for that person you hate so much!
